Earn money selling your artists ringtones:-

- 50% revenue share on all sales
- No setup fees

Special Offer

- We will produce your first ringtone free of charge (Real music tone and/or polyphonic)
- If sales go well we'll continue to produce your ringtones free of charge

All we ask in return is that you endorse and promote the ringtones and you link to our web site from any sites from which you sell the ringtones.

Benefits

- Artists can get involved in the creation of the ringtone as much or as little as they want
- Ringtones can be sent direct to the artist's phone for preview or approval
- Many handsets supported – we currently produce more than 26 different files per ringtone to support the myriad handsets now in use
- Fans can pay using their mobile phone bill, credit card or cash (requires scratch card option)

What we provide

- We create a ringtone and make it available from our delivery platform
- We give you all the information you need to preview and sell it direct from your own site
- We include it in our direct sales ringtone sites
- We manage delivery and payment platforms and provide after-sales support
- We give you 50% of the revenue earned from all sales

You need only supply us the original audio track and promote the ringtone in your tour posters, artist web sites, CD artwork or advertising.
